ABOUT PCESI

Pregnancy Counselling & Education Services Inc. (PCESI) began their journey in 1973 when a group of concerned people in the community identified the lack of support available for women with an unplanned or difficult pregnancy. This group established the organisation, known today as PCESI, which sponsors Pregnancy Counselling Link (PCL). The services PCL offers have evolved and grown to meet the needs of women in our ever changing society.

Our Vision

"To enhance the lives of women and their families, by providing counselling and education to everyone affected by Pregnancy and Reproductive related matters."

Our Mission

"To provide support through counselling, education and referring information to people with concerns associated with planned, unplanned or difficult pregnancies, pregnancy loss, other reproductive issues or related life transitions."

Our Core Values

RESPECT We are person centred; we appreciate the individual uniqueness of each person from conception, and accept them as they are.

COMPASSION We show unconditional caring, kindness and sensitivity as well as empathy and understanding.

INTEGRITY We ensure our actions and decisions are grounded in values, reflecting both honesty and authenticity.

PROFESSIONAL We strive for excellence and best practise in everything we do.

About Pregnancy Counselling Link

Pregnancy Counselling Link (PCL) is a community agency, staffed by tertiary qualified, professional counsellors, which supports women on issues affecting them, in the areas of:

- Pregnancy and parenting
- Relationships
- Navigating life changes
- Fertility and reproduction
- Loss and grief

Support is also available for partners and other family members. Our counsellors provide non-directive counselling, helpful information and emotional support to those who are experiencing difficult or unforeseen circumstances. PCL also provides community education, via workshops, forums and presentations to community groups, schools, universities and health and welfare professionals.

PCESI receives funding from the Queensland Government's Department of Communities to assist with service delivery costs.

Your financial support, by becoming a member and making an annual donation, will ensure that PCL continues to be a responsive, dynamic and sustainable service.
